

The Goodlaw Network

Simple. Easy. Just.

Making contracts *delightful* for non-attorneys

Our Worthy Purpose

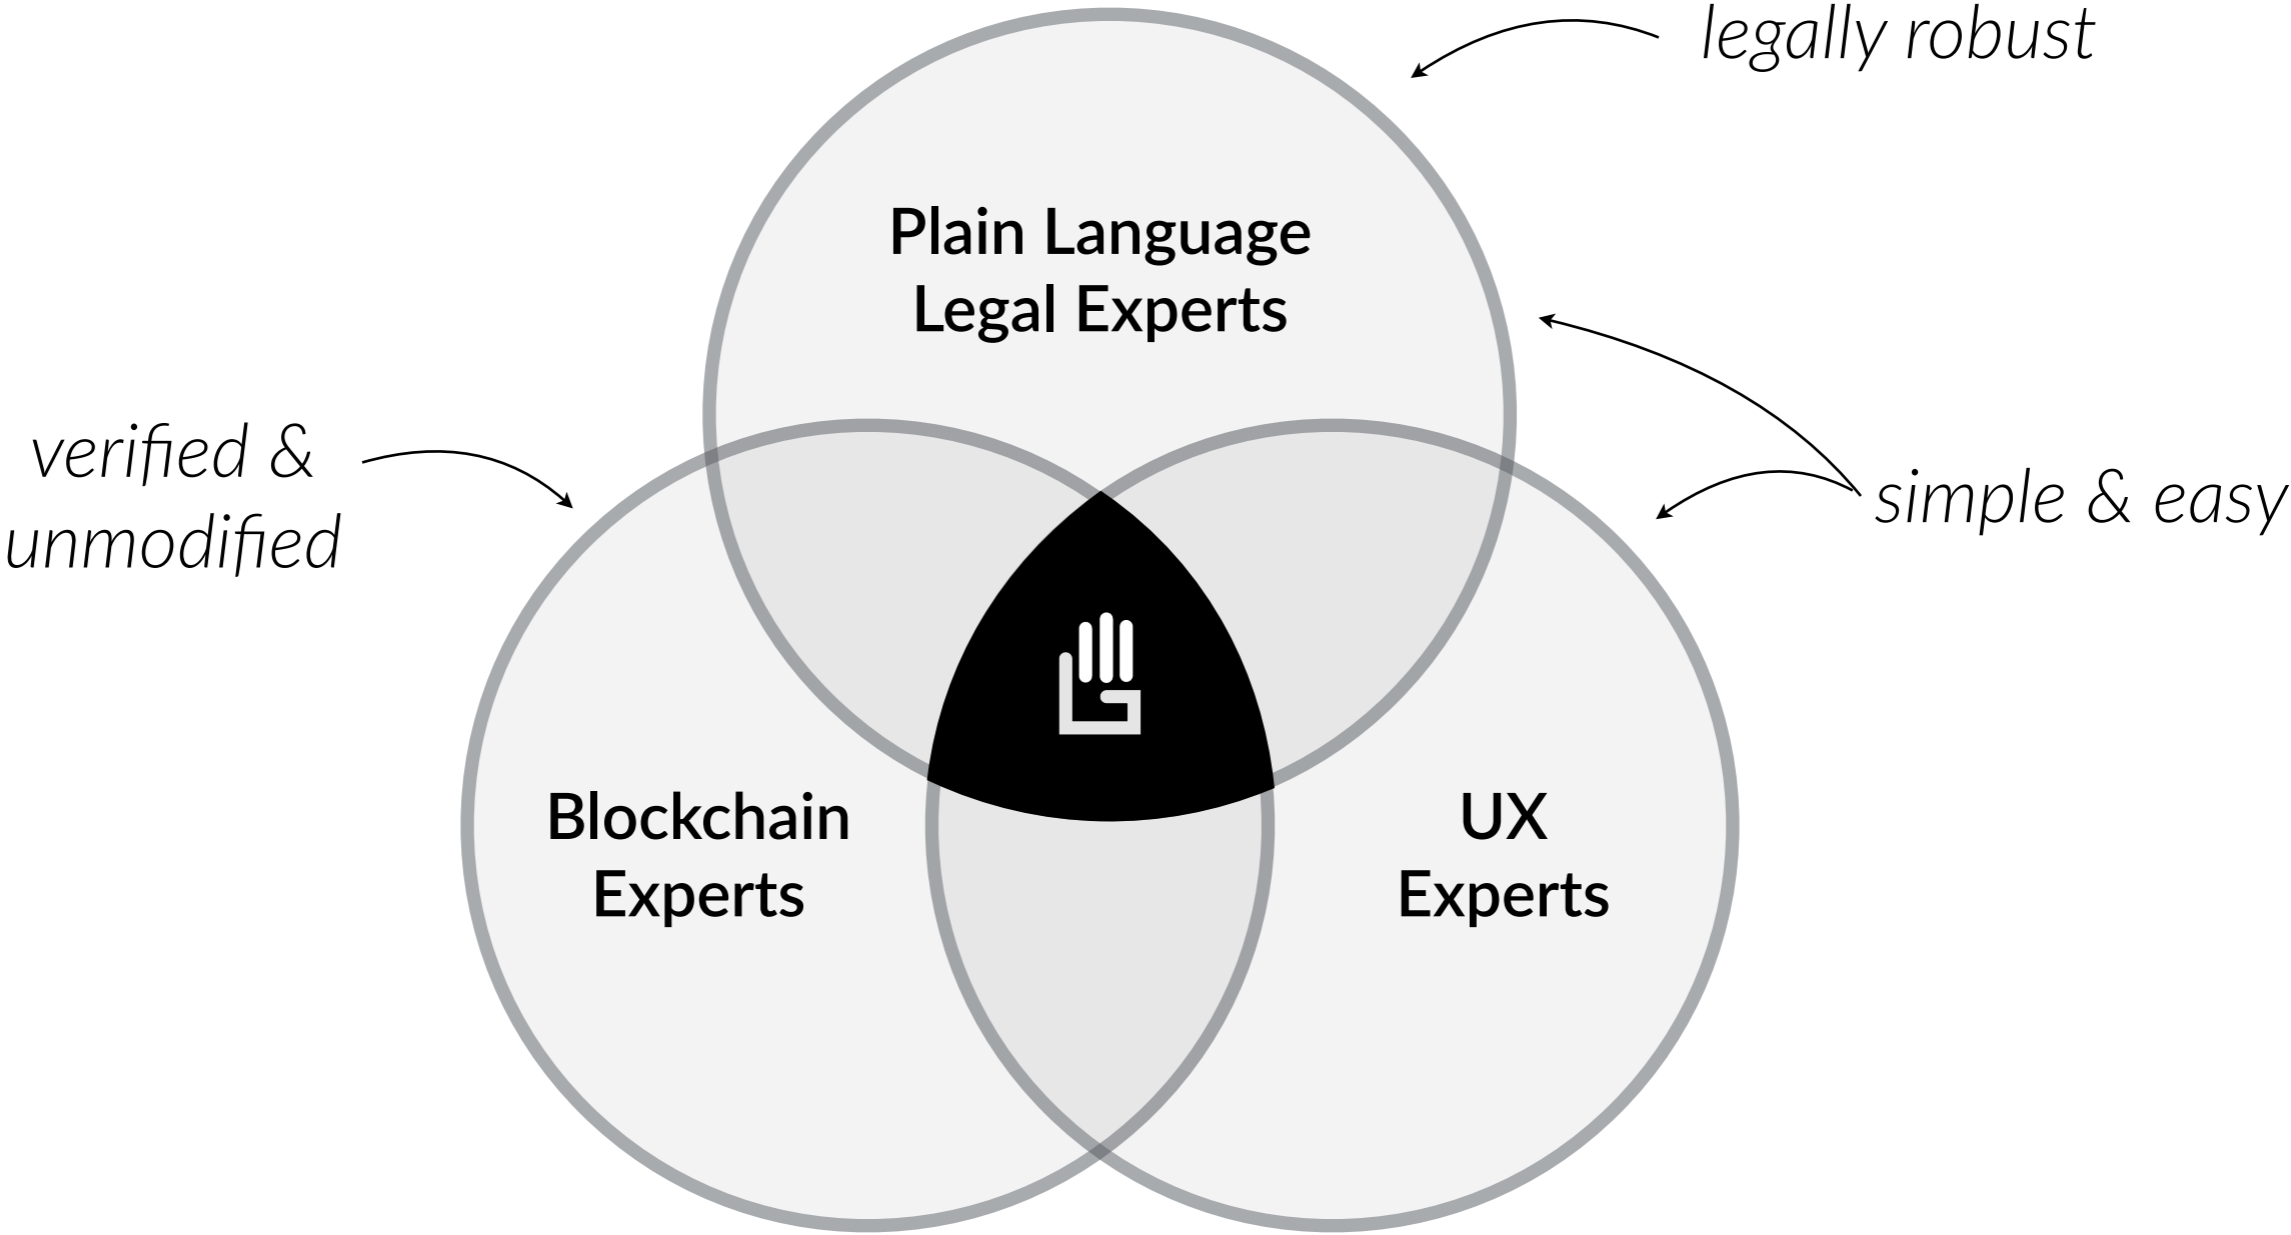

Our purpose is to make law simple, easy, and just... starting with contracts.

There are lots of tools to make it easy for attorneys to *create* contracts, but what about making it easy for non-attorneys to *read* contracts?

Our First Foray

“Why can’t legal contracts just show me the 5% I need to review rather than forcing me to hunt through the 95% that is standardized boilerplate?”

The Secret Sauce
